REPORT OF THE FIRE DEPARTMENT

In submitting the report of the fire dept., the inside of the station was painted; a drain was put in the floor; a 1 1/2 water line was put in and over head; the truck can be filled in the station material was furnished by the town, all work was done by the firemen.

Two nozzles were bought also two tri. loc. holders, one battery for the truck and 16 coats for the firemen; two mirrors for the truck paid by the firemen with a paper drive, a monthly deduction from pay of the firemen and donations from the citizens of the town.

We must have at least 300 feet of 2 1/2 hose to replace old hose on the trucks.

Something must be done about additional equipment to fight gas and oil fires; 95% of the people have oil burners.

Firemen attended the fire school at Meadwood, N. H.

We are members of the tri. pact of Pembroke and Hooksett, South Hooksett all have radio on the same wave length.

We inspected a number of buildings; Pembroke Sanitorium, Emerson Mfg. Co., Mount St. Mary in Hooksett, Donati's Artstone Center, Duracrete Block Co., in South Hooksett; we will have more inspection this summer.

In closing, the members and I thank all those that help with donations or otherwise.

Respectfully submitted
HENRY LAVOIE,
Fire Chief.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 1, 1957

To the School Board of Allentown, New Hampshire;

May I present my tenth annual report of the public school of Allentown and at the same time express my appreciation for your help and encouragement in making our school one of the best.

As you know, we were able to keep all of our teachers another year and recent events show that we shall have them for 1957-58 -- a third in a row. This is a fine record and very important, not only to the continuity and growth of the educational program, but also is a tribute to foresight and judgment of members of the School Board and the citizens of the district. An excellent record.

May I say at this time that with the organization of your Parent-Teachers Association, you have greatly improved the morale and standing of the school. Parents and friends who have worked so faithfully in the organization are to be commended for their interest and desire to help the boys and girls of the school.

The most important problem which faces the schools in this area is brought about by the fact that Manchester has said that she does not intend to accept any more tuition children beginning in September. This brings up a very important problem to be solved, not only for the Hooksett Board, but also for Allentown and Pembroke.

If we can assume that, beginning in September, Manchester excludes all tuition pupils; the first year this will mean about 30 to 35 children in Hooksett. Now, if this continues for the next four years, it will mean that in the fall of 1960 there will be over 100 children in Hooksett who will be looking for a high school.

Let us turn to Pembroke. She is asking for more housing space immediately for her children where over 60 enter each year and only from one-half to two-thirds graduate. In three or four years, whether they desire it or not, more and more housing must be provided.

This leaves Allentown in the middle. She has enough room to take care of at least 30 pupils and perhaps more, and she sends most of her graduates to Pembroke Academy.

However, there is a problem for all three towns, if not at the moment, at least in the very near future.

Suppose that Pembroke Elementary School sends 135 pupils to the Academy, Allenstown 45 pupils, and Hooksett about 100 pupils along with 25 pupils from Epsom and 10 or 12 from Bow, Deerfield, and Chichester. This would total close to 320 pupils. Over a period of three or four years, then, the housing problem would affect even Allenstown. Do not think that this problem is too far away. According to estimates, Pembroke Academy in about four years would have another building program in the making.

It just so happens that both Hooksett and Pembroke are thinking in terms of a Cooperative School District and have met a few times to talk it over. Perhaps this is the solution. At any rate, should a Cooperative School District gain momentum, Allenstown would hold an important position since her problems of housing and enrollments are not so acute.

Citizens of the town and district would do well to keep abreast of what is going on along these lines because the time is close at hand when you will be called upon to make a decision.

If you will speculate a little and study the budget carefully you will note that the largest items are transportation, tuition, and teachers' salaries. In fact, these three items cover about 70% of the total leaving about 30% for the remainder of the budget. You can already understand why. Tuition and teachers' salaries have increased sharply over the past five years and districts can do very little about it if they are to send their children to high school and get capable teachers. As far as transportation is concerned, the contract has another year to go for the same amount.

It would be most interesting to discuss costs a few moments since there is so much talk about it everywhere. Some time ago you were asked why you did not send your children to Pembroke. It was said that it would be cheaper. Let us see. Your school enrolls 65 pupils and your tuition students total about 45. This makes about 110 pupils which the town is required to educate. Suppose that you pay \$250 per elementary pupil, Grades 1-8 to Pembroke or Hooksett and \$300 to Pembroke Academy per pupil, the cost would be about \$29,750. Add to this amount \$2000 in transportation plus approximately \$2000 for other incidentals and the total would be about \$34,000. Your budget calls for about that same amount. At the present, at least, there would be no advantage in sending them all to another school and pay tuition. However, it would be well to think this problem over before making any decision of consolidation.

May I again thank the Board for the confidence it has given to me for the past 10 years in my efforts to educate your children.

Respectfully submitted,
MURRAY H. WATSON
Superintendent of Schools
